Professional Summary

- Motivated MCA student with strong knowledge of Java, Python, Full Stack Development, and Artificial Intelligence (AI) applications. Experienced in developing web applications using SQLite, HTML, CSS, and JavaScript. Passionate about solving real-world problems through software development and seeking an entry-level Software Developer role to contribute and grow in a dynamic organization.

Education

- Dayananda Sagar University, Bangalore** 2025-present
Master of Computer Applications (MCA)
8.62 CGPA
- Government First Grade College, Honnavar** 2022-2025
Bachelor of Computer Applications (BCA)
8.3 CGPA

Technical Skills

- Programming Languages**
Java, Python, C, SQL
- Web Technologies**
HTML5, CSS3, JavaScript
- Databases**
SQLite, MySQL
- Libraries**
NumPy, Pandas

Internship

- AI & Machine Learning Intern**
Pluto Academy | Jun 2026 – July 2026
 - Completed a 1-month internship in Artificial Intelligence and Machine Learning.
 - Worked on data preprocessing and machine learning tasks using Python.
 - Used NumPy and Pandas for data analysis and manipulation.
 - Successfully completed internship assignments and earned a Certificate of Completion.

Projects

- Student Learning and Parent Monitoring System using Artificial Intelligence (EduMonitor-AI)**
Technologies Used: Python, Flask, HTML, CSS, JavaScript, SQLite
 - Developed a full-stack web application to improve students' learning experience and help parents monitor academic progress.
 - Implemented AI-powered features including quiz generation, study summaries, flashcards, and a study assistant.
 - Built secure student and parent login modules with separate dashboards and PDF-based learning management.
 - Designed an SQLite database to store user information, reading progress, quiz scores, and study reports.

Certifications

- Certified Secure Computer User (CSCU)**
EC-Council | Jan 2026
- Frontend Web Development**
Infosys Springboard | Feb 2026
